22nd to 24th March, 2012 at Hyderabad, India

Day 3 24th March, 2012 (Saturday)

Time (Hrs)	Programme
8:00 onwards	Registration continues
9:00 – 10:45	Plenary Session – VII Stem Cell Therapeutics (one lecture on each topic 25min + 10min discussion) Neural diseases and therapeutics Progress in Stem cell mediated interventions for Parkinson' Disease Neural stem cells for cutting edge research on Spinal Cord Injury Lucas Chase , Cellular Dynamics
10:45 – 11:15	Refreshment Break
11:15 – 13:00	Plenary Session – VII Continues Stem Cell Therapeutics Limbic Stem cells for cornea and clinical progress Age related macular degeneration – Retinal Pigmented epithelial stem cells – opportunities.
13:00 – 14:00	Networking Lunch
14:00 – 15:15	Plenary Session – VIII Induced Pluripotent Stem Cells (one lecture on each topic 25min + 10min discussion) Induced Pluripotent Stem cells: Explosive growth in iPSC research Reprogramming technologies for efficient generation of disease-specific iPS cells
15:15 – 15:45	Refreshment Break
15:45 – 16:45	Plenary Session – VIII Continues Induced Pluripotent Stem Cells Disease-relevant model systems with iPSC for the discovery of new drugs Regulatory hurdles and a road map for path forward with iPSC lines for India/Asia
16:45 – 17:15	Concluding Remarks
